

**CITY OF BROOKSVILLE
BIOSOLIDS DISPOSAL SERVICES
BID NO.: UD2016-01**

**ADDENDUM #1
Date Issued – February 18, 2016**

TO: All prospective proposers and others concerned.

You are hereby notified that this Addendum shall be attached to and made a part of the above named Proposal and Contract Documents, as follows:

This addendum is being issued to address the following questions:

1. How can a site visit be arranged?

The plant is staffed Monday-Friday 7:00 a.m. to 4:00 p.m. You may visit the site during those hours. The address is 9603 Cobb Road, Brooksville, FL 34601

2. Is the material to be disposed of via land application or at a residuals management facility? The specs state both options.

Currently the residuals are being land applied. We consider a land application site a residuals management facility.

3. Is lime amending used in order to meeting Class B for land application?

The bio-solids are and will be treated to Class B at the generating plant using lime stabilization.

Acknowledge receipt of the Addendum #1 by signing the document and attaching to Proposal Documents submitted. Failure to do so may subject the proposer to disqualification.
