

# City of Brooksville, Florida

Utilities Department - 600 South Brooksville Avenue, Brooksville, Florida, 34601

## PRECAUTIONARY BOIL WATER NOTICE

DATE: Thursday, May 25, 2023

TO: **ALL Water Users at:** 600 Darby Ln, Apt. 1

This is to advise that on Thursday, May 25, 2023, water service will be interrupted while City Utilities Service completes maintenance on a 3/4-inch water line. The water service interruption will be approximately two (2) hours starting at 8:00 AM. When water service is interrupted, as a precaution, the City of Brooksville, Department of Utilities, advises that all water used for drinking or cooking be boiled. The U.S. Environmental Protection Agency has determined that a rolling boil of one (1) minute is sufficient to disinfect water. As an alternative, bottled water may be used for drinking and cooking. Water from the City's system after repairs are complete is approved for bathing and cleaning purposes only. Clearance for drinking and cooking will be determined by bacteriological examination.

This "Precautionary Boil-Water Notice" will remain in effect until satisfactory water samples are obtained confirming that the water is safe for drinking or cooking. You will be notified by a handout when the system is cleared for normal use. We expect this to be in 3-5 days.

If you have questions, please contact the City of Brooksville, Department of Utilities, at 352-540-3860.

Cordially,

Paul M. Booth  
Public Works Director
